

Mattress M-MK

Double side

Pro-health mattresses

Highly elastic foam

Non-flammable

Specification

Mattress designed for off-shore (ships, yachts, platforms, etc.) with MED certificate, issued by Lloyd's Register. Mattresses meet the highest safety standards. Our company also got a certificate issued by RMRS, which proves compliance with Russian standards for this sector.

Pocket springs are made of high quality wire.

In combination with highly elastic, flame-retardant polyurethane foam, we get a comfortable, durable mattress. The cover is made of high-quality flame-retardant fabrics.

- double-sided mattress for general use
- spring pocket made of high quality wire
- non-flammable high-elastic foam
- non-flammable, hypoallergenic Trevor Spun fabric cover with zip
- height of the mattress to choose from 17 cm
